

Redefining Reliability

As a trustworthy partner, Southern Design's elegant, innovative solutions deliver matchless value monitoring, predicting and improving rotating equipment reliability.

REGION - VA | NC | SC

PRODUCT SOLUTIONS

Rotating and Sealing Equipment

AMERICAN MARSH	Self priming pumps, split case pumps, vertical turbine pumps and many more
FINISH THOMPSON	ANSI Dimesional ETFE lined mag-drive pumps
FTI AIR	Finish Thompson AODD air pumps
GRACO	Leading manufacturer of electric and air-operated diaphragm and peristaltic pumps
HISCO	ANSI Centrifugal pumps including parts to fit Gould, Flowserve & Summit pumps
LIQUIFLO	Robust mag-drive & Sealed gear pumps in corrosion resistant materials
NOMAD	Leading aftermarket manufacturer of air-operated diaphragm and parts
PPC	Leading manufacturer of metal bellows, split and pusher seals
QUANTM	Graco Quantm cost effective electric diaphragm pumps
RICHTER	Superior PFA line mag-drive and sealed pumps with solids-handling capabilities
TOSHIBA	Manufacturer of electrical motors, drives and control panels
U.S. SEAL MFG.	Market leader in component seals, supporting a wide variety of applications
HISCO	H75, T-, Super T-, Super U-Series self priming trash pumps

Reliability Solutions and Accessories

AMRRI	Lubrication Audit and Training services
BLACOH	Fluid control products solving pulsation, vibration, water hammer and surge concerns in industrial pumps
BASETEK	Corrosion-resistant foundations & baseplates to fit ANSI and close-coupled pumps
FLEXICRAFT	Reliable flexible piping solutions, Hosecraft USA hoses and Stayflow strainers
LOAD CONTROLS	Power monitors for equipment protection
LUBE-IT	Software to organize machine lubrication data, ensuring precision lubrication best practices
MRI	Intelligent real time condition monitoring that detects/alerts off-design operation, predicts equipment failure
RMS	Reliability Management Software - Organizes, manages and improves rotating equipment reliability

Valves and Valve Automation

SAFEMATIC	Seal water control and monitoring devices
TRICO	Full line lubrication protection equipment and lubrication management solutions
CLA-VAL	Full line of automatic control valves
NIBCO	Butterfly, ball, gate, globe and check valves
PMV	Modular positioners, switches and feedback signals
RICHTER	Superior PFA lined control, relief and sampling valves
